

MicroBulkMB-450 **TPED**

MB-450 (Transportable 450-Liter MicroBulk)

Increased Safety & Durability

- Safe & Easy-to-Transport
- Eliminate Handling of Cylinders to Reduce Risk of Potential Injury
- Galvanized Steel Pallet & Frame
- Compact & Rugged

Convenient & Customer-Focused

- On-Site Filling
- No Interruptions to End-Use Application
- Suitable for Industrial & CryoBio Applications
- All Valves Located at Operator Level
- Fill Shut-Off

Economical

- Reduces Cylinder Fleet
- Reduces Product Losses During Fill Process

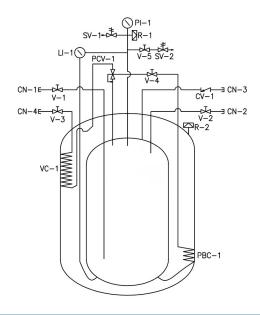

MB-450 Specifications

PART/MODEL NO.		MB450LP	MB450HP	MB450VP
MAWP	bar	10	24	37
Gross Capacity	liters	452	441	433
Estimated tare weight *)	kg	355	435	515
Capacity **) Nitrogen Oxygen Argon CO2	Nm3/kg Nm3/kg Nm3/kg Nm3/kg	Gas Liquid 278 701 343 845 - -	Gas Liquid 272 773 336 913 328 1020 216 903	Gas Liquid 266 847 329 984 321 1089 212 974
Tank Diameter	mm	762	762	762
Pallet W x L	mm	953 x 953	953 x 953	953 x 953
Total Height w or w/o frame	mm	2049 / 2165	2049 / 2165	2049 / 2165
Max N2 Withdrawal Rate	NM ³ /h	16.3	16.3	16.3
Max CO2 Withdrawal Rate	NM³/h	-	6.9	6.9
NER	% per day 02	1.25		
Design Approval		TPED 2010/35/EU		

^{*)} The weight includes the galvanized steel pallet. Subtract 55 kg for weight without pallet.

^{**)} At 0 barg pressure for N2, O2, Ar and 10 bar for CO2

Flow Schematic

(CN-1) Liquid Fill/Withdrawal Connection

(CN-2) Full Trycock & Vent Connection

(CN-3) Pump/Top Fill Connection

(CN-4) Gas Withdrawal Connection

(V-1) Liquid Fill/Withdrawal Valve

(V-2) Full Trycock/Vent Valve

(V-3) VGas Withdrawal Valve

(V-4) Pressure Building Valve

(V-5) Road Relief Isolation Valve

(CV-1) Pump/Top Fill Check Valve

(LI-1) Liquid Level Gauge

(VC-1) Vaporizer Coil

(PI-1) Pressure Gauge

(PBC-1) Pressure Building Coil

(PCV-1) Pressure building

Regulator

(SV-1) Safety Valve

(SV-2) Road Relief Valve

(R-1) Inner Container Safety Disc

(R-1) Inner Container Safety Di

(R-2) Vacuum Bursting Disc

^{*} Note: For use with delivery vehicle equipped with automatic filling system. Ie: Express-fill delivery truck.
